Computer Science Department
RWTH Aachen University, Germany**

Motivation

Approaches

Experiments

Summary and Future Work

- ▶ Most neural machine translation (NMT) systems translate sentence by sentence

Source sentences	Correct translation of 'it'
<i>The monkey ate the banana. Because it was hungry.</i>	er
<i>The monkey ate the banana. Because it ripe.</i>	sie
<i>The monkey ate the banana. Because it was tea-time.</i>	es

- ▶ Use other sentences as context information to improve translation process
 - ▷ co-reference
 - ▷ inter-sentential anaphora (e.g. pronouns referring to mentioned entities)

- ▶ **Most neural machine translation (NMT) systems translate sentence by sentence**
- ▶ **Use other sentences as context information to improve translation process**
 - ▷ **improve translation of co-referenced words**
 - ▷

Thank you for your attention
